

Dear Parent & Student,

Thank you for participating in Symbolic Art programming, sports, workshops and activities.

Simply put ... we love to have Fun at Symbolic Art! We intend to maintain an enriching learning environment and recreation experience that's both rewarding and memorable for all who participate with us. We believe the best way to accomplish this is to adopt a zero tolerance for disruptive conduct, disrespectful behavior, bullying or any action (which include Symbolic Art parents and staff) that creates conflict among camp participants, staff or other Symbolic Art parents. We view these types of occurrences as a hindrance to the enjoyable experience our programs seek to provide.

Please help us protect the Symbolic Art experience for our youth by acknowledging the following:

- 1) First incident of disrespectful, foul language or otherwise intimidating behavior _____ Initial
observed by Symbolic Art staff – the student (parent) will be given a verbal warning
- 2) Second incident will involve both a verbal and written notice for corrective action _____ Initial
- 3) Third incident of this behavior will result in an exclusion from all Symbolic Art _____ Initial
programming and forfeiture of any paid enrollment fees without exception

We expect each student to enjoy his/her experience while participating in Symbolic Art programs. We realize in any social situation especially where children are encouraged to have fun and express themselves creatively there is potential for conflict; however, it is our intention to encourage ideas that bring about conflict resolution within the spirit of professionalism and social maturity. We believe this coupled with a strong sense of teamwork translates positively into other areas of our life experience.
